10 YEARS OF IMPACT

TAKE YOUR CHILD TO WORK DAY

A day where we strengthen family bonds while promoting sustainable habits as we engage employees with their kids beyond the workplace.

Our family days include:

Industry-Specific Themes

Content tailored to energy, finance, AI, tech and more.

Cultural Integration

Activities respectful of local traditions and cultural values.

Company goals & branding

Your logo, your colors, your message and most importantly: your company goals & values

Family Connection with Purpose.

Impact That Lasts.

By supporting employees and their families through shared experiences, your company can foster stronger bonds, greater engagement, and lasting positive impact.

IMPACT - MEET YOUR CSR GOALS

This event offers your organization the opportunity to create meaningful, people centered impact while aligning with the UAE's Year of Family 2026. By bringing employees and their families together through hands-on sustainability experiences, you gain:

40+

Sustainability Workshops & Skills

Real habits families take home and practice every day

100%

Family Connections

Meaningful social ties linking employees, families, and the workplace

CSR & ESG

Goals & objectives

Having fun whole supporting the achievement of your CSR and ESG objectives

UAE

Year of Family 2026

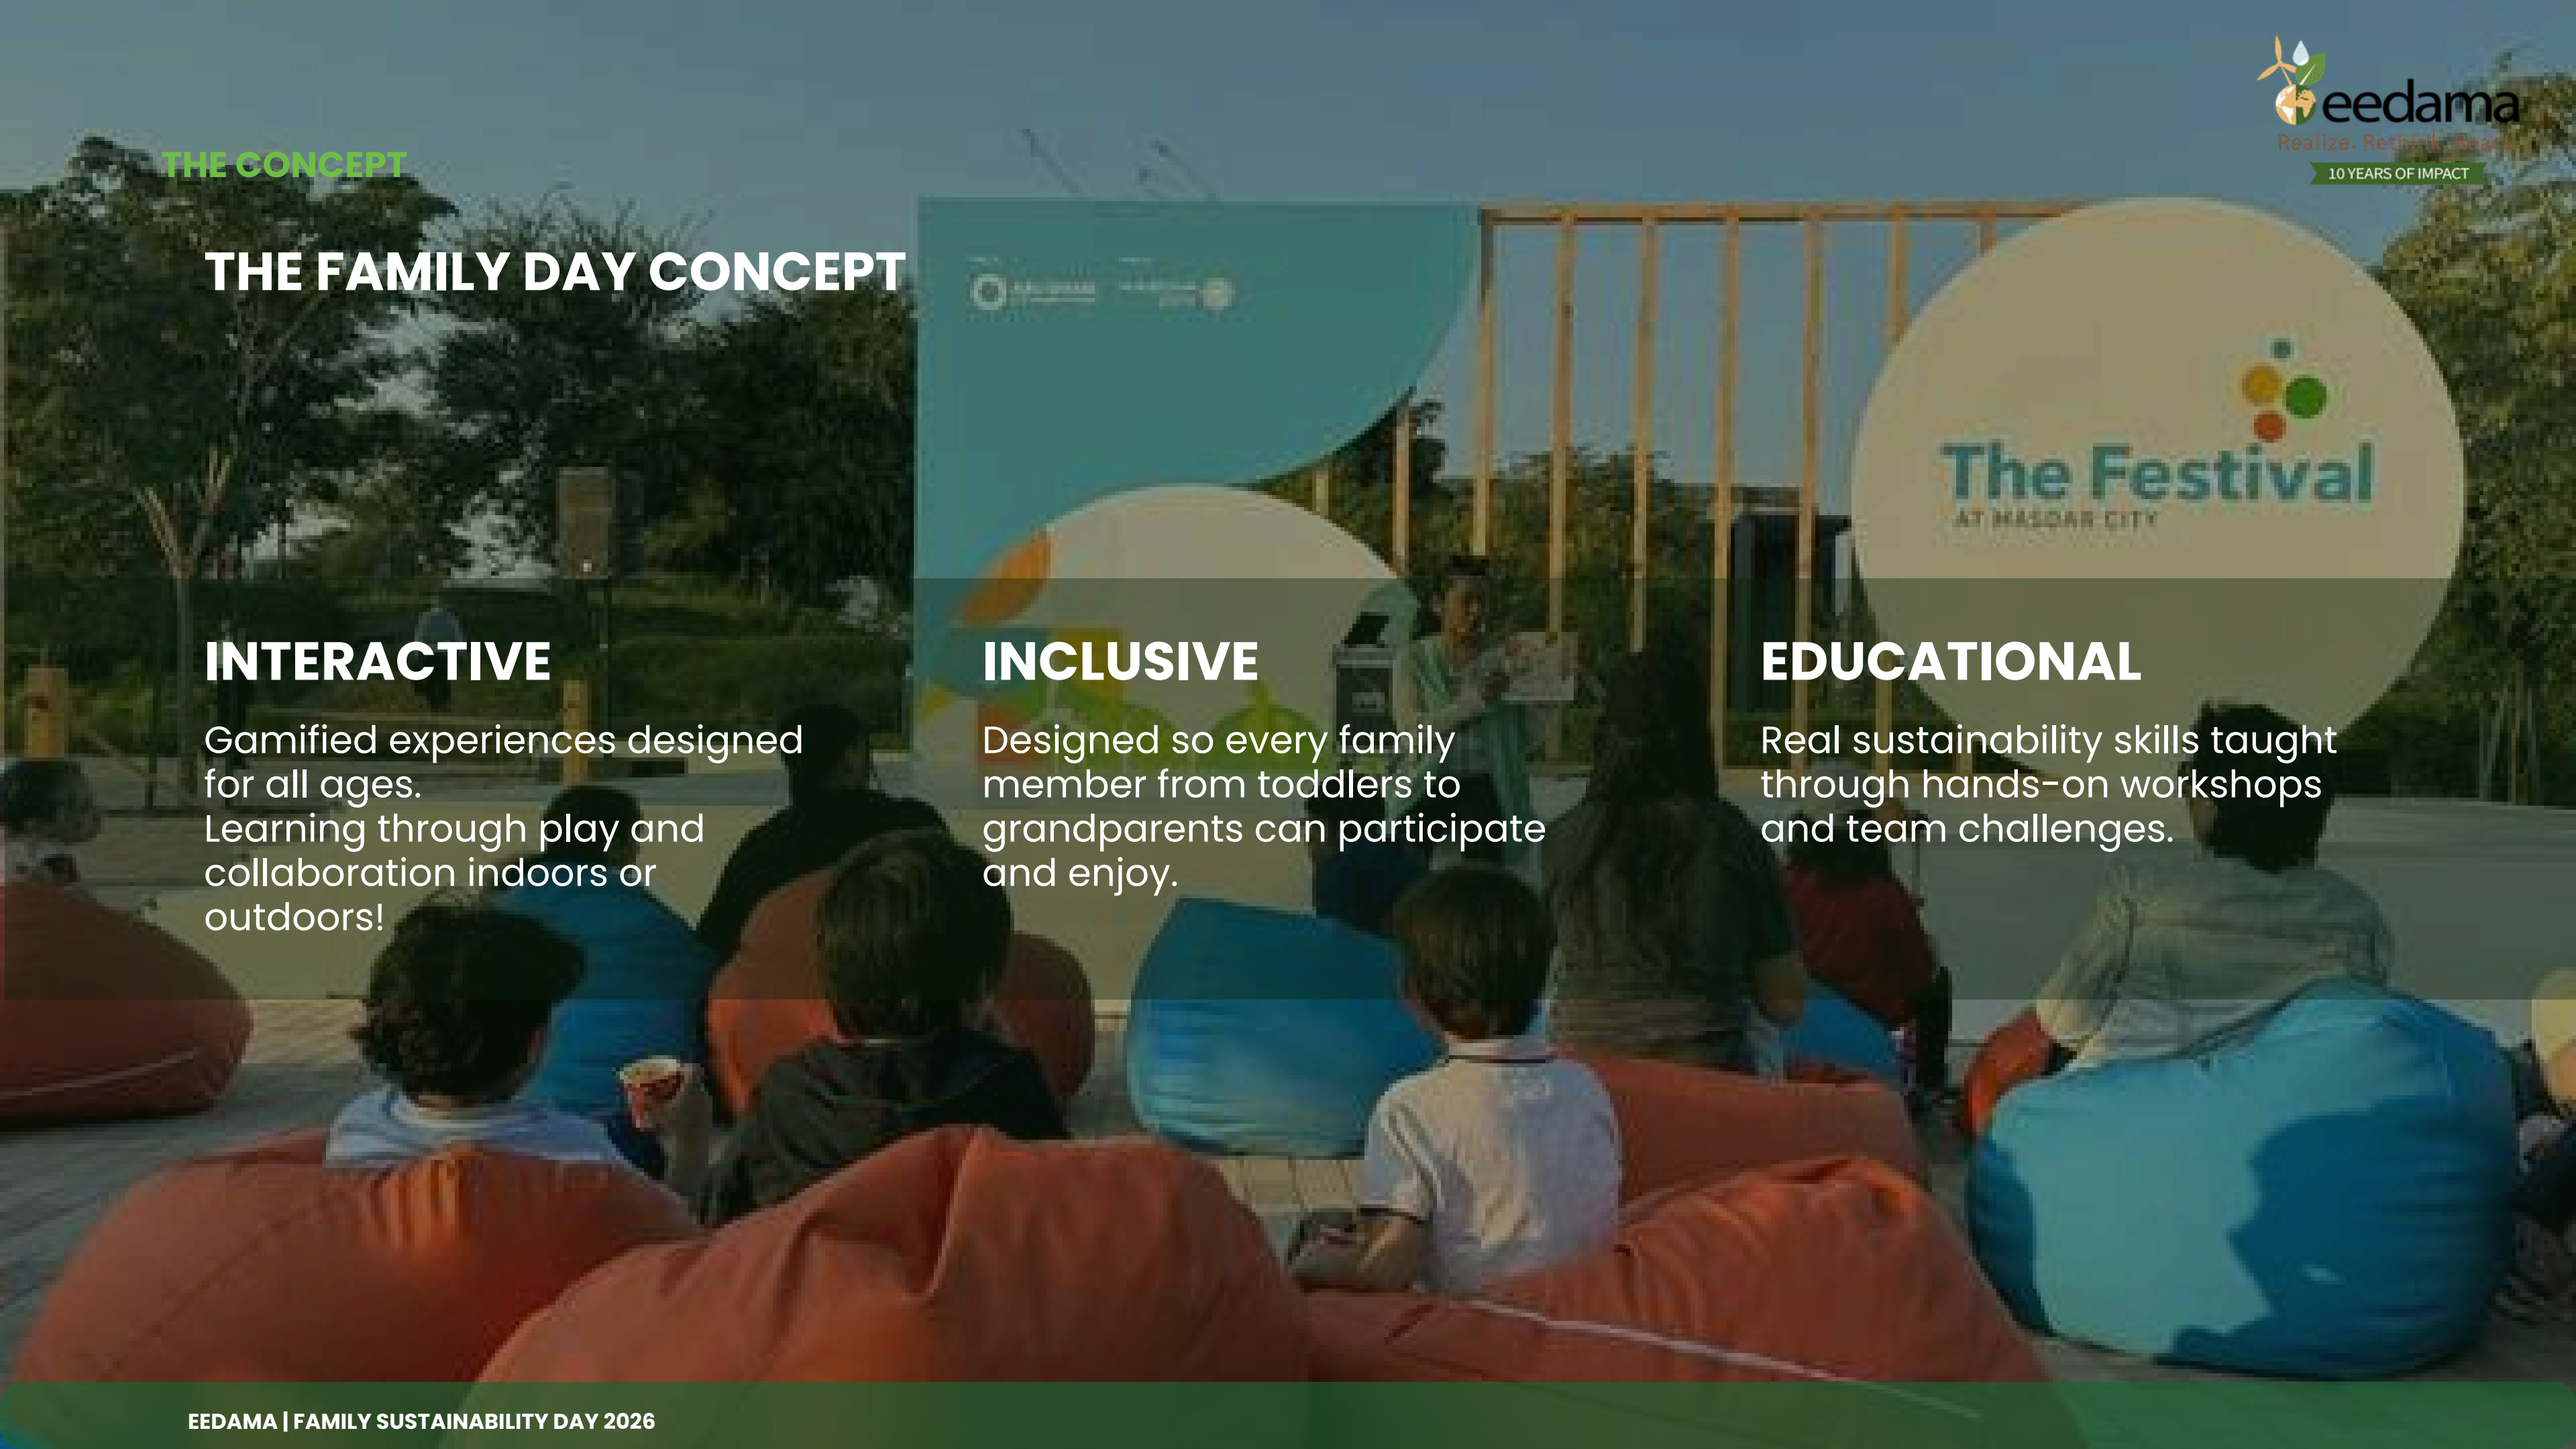

Directly supporting the Year of Family 2026 initative

Higher Employee Engagement

Inclusive Culture

Connection rises when family is part of the workplace experience

THE FAMILY DAY CONCEPT

INTERACTIVE

Gamified experiences designed for all ages.
Learning through play and collaboration indoors or outdoors!

INCLUSIVE

Designed so every family member from toddlers to grandparents can participate and enjoy.

EDUCATIONAL

Real sustainability skills taught through hands-on workshops and team challenges.

EXPERIENCE OVERVIEW

THE FAMILY DAY JOURNEY

Themed Zones

Iimmersive zones that include innovation, Create, Experiment, entertainment and Challenge

Workshops

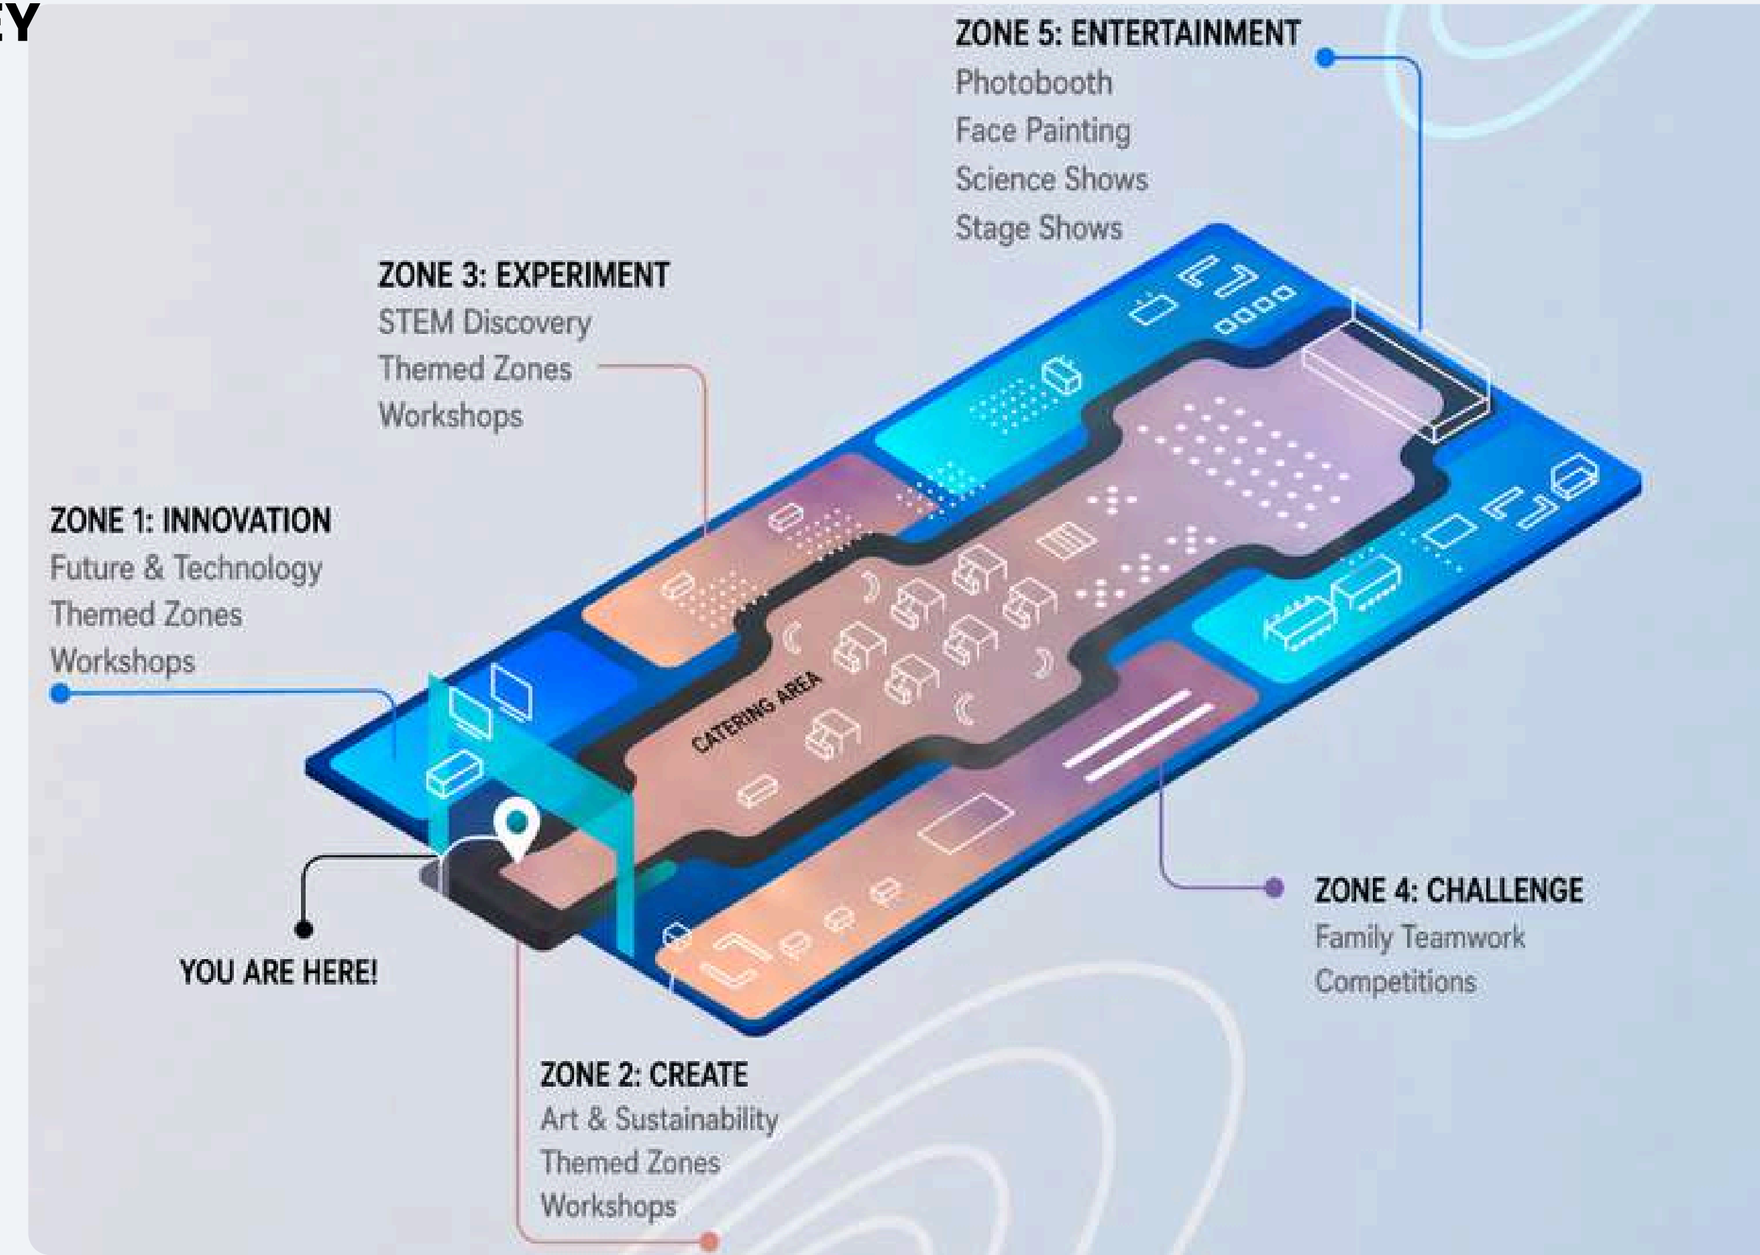

Hands-on sessions where families build, create, and discover sustainability skills together.

Stage Shows

Live entertainment, science shows, interactive competitions, and photo booth experiences.

Competitions

Family challenges that spark teamwork, creativity, and friendly competition across all ages.

THEMED ZONES

5 IMMERSIVE ZONES – INDOORS & OUTDOORS

ZONE 01

Innovation

Future & Technology

Highlights how innovation drives sustainability forward

ZONE 02

Create

Art & Sustainability

Where creativity & art meets sustainability

ZONE 03

Experiment

STEM Discovery

Explore how energy and water systems work in the real world through exciting experiments and mini engineering builds.

ZONE 04

Challenge

Games & Teamwork

Where family teamwork, problem-solving, and competition come together

ZONE 05

Entertainment

Live Shows

Brings energy to the event from face painting and photo booths to science shows and live stage experiences.

Participants embark on a journey across 5 themed zones, collecting stamps as they explore.
Each zone features 3+ activities designed for families to check out at their own pace.

THEMED ZONES

ZONE 1: INNOVATION

AI Saftey Gear Detector

Kids wear different safety gear and the AI system detects if they're properly equipped for their job.

Motion Challenge

Move, collect, and sort items linked to renewable and non-renewable energy sources.

Solar Kits (Wall-e or wind turbines)

Assemble solar kits such as Wall-E or wind turbines and explore how clean energy powers movement and design.

Rockets Launch

Launch a rocket and explore the science of pressure, motion, and lift-off through hands-on experimentation

THEMED ZONES

ZONE 2: CREATE

Solar Oven

Explore a solar oven and discover how sunlight can be captured and turned into heat for cooking.

Soil Painting

Participants create artwork using natural UAE soils and organic materials, blending creativity with sustainability.

Water Efficiant Planting

Creating self watering plant pots that uses less water that the conventional plant pots

Tote Bag Upcycling & Designing

Paint your own tote bag and turn creativity into a reusable everyday item that supports more sustainable choices.

THEMED ZONES

ZONE 3: EXPERIMENT

Installation Demo: Compost

Discover how food waste can be turned into nutrient-rich compost

Fire Alarms & Saftey

Assemble a model home with a temperature sensor that triggers an alarm when heat rises simulating safety systems.

Installation Demo: Hydropower & Hydroponics

Experiment with mini hydro turbines and explore how water generates electricity or about hydroponics and how plants can grow in water instead of soil!

Reverse Osmosis & pH Testing

Explore reverse osmosis and how pressure helps separate salt and impurities from water. Or try out pH testing to see how water quality is checked during filtration.

THEMED ZONES

ZONE 4: CHALLENGE

Saving Water Challenge

Take part in a water race and discover how water can be lost through distribution, as teams race to deliver their buckets with the least amount of waste.

Neem Tree & Seed bombs

Create neem tree water spray and seed bombs while learning simple, nature-based ways to care for plants and support greener spaces.

A Day in My Parent's Shoes

Discover what your parent does at work and how their role connects to responsibility, teamwork, and impact.

Leak Detection Challenge

Use tubes and valves to find and fix leaks in a mini water network before time runs out.

THEMED ZONES

ZONE 5: ENTERTAINMENT

Photo booths & Face painting

Enjoy face painting and photo booth experience that adds fun, creativity, and memorable moments.

Live Stage Activities

Enjoy live stage shows, from bubble shows to family trivia, designed to bring everyone together.

Interactive Competitions

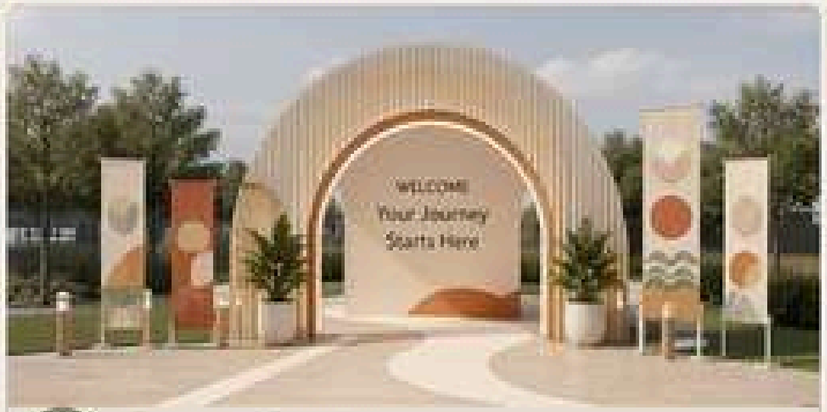

Take part in family sustainability challenges, from Jenga to sorting games, that make learning fun for both kids and adults.

Live Science Shows

Enjoy live science shows that spark curiosity and shared learning for children and families, while reflecting your company's commitment to education,

WE HELP DESIGN IT ALL FOR YOU...
FROM A TO Z! INDOORS OR OUTDOORS..

OUR LATEST FAMILY DAY PROJECT
2 YEARS IN A ROW: 2025 & 2026

Project: TAQA “Take Your Child to Work” Corporate Day

We partnered with TAQA, a leading government energy entity, to design and deliver a family engagement program that introduced employees’ children to sustainability concepts through hands-on games and live educational activities.

Activity:

Children explored interactive stations focused on water and energy, including solar kits, hydroponics, and self-watering smart solutions. Activities were structured as playful learning journeys, with instructors guiding kids through experiments and challenges in a fun and approachable format.

Impact:

The program successfully engaged young participants in understanding core sustainability themes while strengthening TAQA’s culture of community, family, and environmental responsibility. The event received strong participation and positive feedback from both employees and their families.

Let's Collaborate

Let's create a meaningful family experience together. Every element is thoughtfully designed to reflect your organization’s identity, values, and community goals, while supporting the achievement of your CSR and ESG objectives.
